## **Education**

**University of Victoria** | Victoria, BC

Bachelor of Science in Computer Science and Mathematics | Jan 2023 – Present

## **Technical Skills**

Programming Languages: Java, Python, JavaScript

Frontend: React, HTML, CSS, PyQt6

Backend: Node.js, Express.js, RESTful APIs

Databases: MongoDB, SQL

Tools & Platforms: Git, GitHub, Linux/macOS, Command Line, Bash

APIs & Libraries: Nylas API, scikit-learn, NumPy, Pandas

Development Practices: Version Control, Full-Stack Development

## **Projects**

**AI-Powered Meeting Notetaker** | Node.js, Express, React, MongoDB, Nylas API

*Inspire Hackathon* – First Place Winner (Oct 2025)

- Built a full-stack application that generates real-time AI meeting notes, reducing manual post-meeting documentation for users.
- Integrated Nylas Calendar API to automatically sync meetings and trigger transcription workflows.
- Implemented webhooks and Server-Sent Events (SSE) to stream live transcription updates to the frontend.
- Designed RESTful APIs and MongoDB schemas to support concurrent, multi-user meeting sessions.
- Collaborated in a team of 5 using Git to rapidly iterate under hackathon time constraints.

**Clinical Note Classification System** | Python, PyQt6, scikit-learn, Machine Learning

- Developed a machine learning pipeline using TF-IDF vectorization and a Naive Bayes classifier to categorize clinical notes into four types.
- Built a PyQt6 desktop application for managing patient records and appointment scheduling.
- Implemented JSON-based data persistence and maintained version control using Git.

## **Leadership & Volunteer Experience**

**Technical Support Lead** | UVic AI Club, University of Victoria

*Sep 2025 – Present*

- Maintain and update club website using HTML, Ruby, and Jekyll framework, implementing responsive design improvements that increased member engagement and optimized site performance.

**Vice President & Event Coordinator** | UMANG Indian Association, University of Victoria

*Sep 2023 – Sep 2024*

- Led cross-functional team of 8 members to coordinate 12+ large-scale cultural events serving 300+ students, managing end-to-end logistics including vendor negotiations, budget planning, and volunteer coordination.
- Mentored junior executive members on strategic event planning and project management frameworks, developing organizational skills that improved team efficiency by 35%.
- Developed and executed social media content strategy across Instagram, Facebook, and LinkedIn, increasing follower engagement by 60% and expanding organizational reach to prospective members.
